**CPCA Mourns the Loss of US Senator Feinstein**  
*Feinstein Leaves a Legacy of Supporting the Underserved*

**Sacramento** – The California Primary Care Association (CPCA) President and CEO Francisco J. Silva issues a statement on the passing of US Senator Dianne Feinstein (CA):

“CPCA joins the people of California in mourning the loss of United States Senator Dianne Feinstein. Senator Feinstein will leave a legacy of championing communities that society often forgets. Throughout her time in office, Senator Feinstein was a proponent of access to care for the most vulnerable communities and as a member of the Senate Appropriations Committee, she consistently championed health center funding, assuring that community health centers would have the resources to provide high-quality healthcare to the communities we serve. California community health centers thank Senator Feinstein for her unwavering support and public service. The CPCA family extends our condolences to her loved ones.”

**About the California Primary Care Association**

The California Primary Care Association (CPCA) represents 1,276 non-profit community health centers that provide care to more than 7.7 million patients each year. Community health centers (CHCs) are committed to providing comprehensive, high quality health care to everyone who walks through our doors, in a compassionate and culturally sensitive manner. CHCs include federally qualified health centers (FQHC) and FQHC look-a-likes, community clinics, free clinics, rural health clinics, migrant health centers, Indian health service clinics, and family planning clinics. Services include comprehensive primary and preventive care, women’s health, dental, mental health, substance use treatment, health education, outreach and enrollment, pharmacy and more.
